

SMART AGRI PACK

INNOVATING AGRICULTURE WITH SMART TECHNOLOGY. OVER 5 YEARS OF MANUFACTURING EXPERTISE IN HIGH-TECH AGRICULTURAL AND COMMODITY PACKAGING MACHINES.

Why Choose Our Custom Solutions?

With over 5 years of manufacturing expertise, we combine innovation with reliability to create packaging solutions that perfectly match your requirements, helping your business grow efficiently and sustainably.

5 5+ Years Expertise

Proven experience in custom machine manufacturing

Premium Components

Imported from Germany, UK and China

Global Standards

CE certification and international compliance

After-Sales Support

Robust service network for ongoing maintenance

CUSTOM PACKAGING SOLUTIONS

Smart Agri Pack provides customized packaging solutions tailored to your specific requirements, with machines adapted to your exact product and operational needs.

CUSTOM PACKAGING SOLUTIONS

Tailored machines designed for unique product specifications and packaging requirements.

KEY FEATURES:

- ✓ Customized machine configurations
- ✓ Specialized filling mechanisms
- ✓ Unique packaging formats
- ✓ Product-specific adaptations

MACHINE IMPORT & INTEGRATION

Sourcing and adapting international machinery to meet local compliance and requirements.

KEY FEATURES:

- ✓ Machinery from Germany, UK, China
- ✓ Local compliance adaptation
- ✓ Technology integration
- ✓ Custom modifications

Export Solutions

Customized machines built to match international standards for global clients.

KEY FEATURES:

- ✓ Export-grade quality
- ✓ International certifications
- ✓ Custom documentation
- ✓ Global shipping support

Consultation & Support

Expert guidance on packaging solutions and technology selection.

KEY FEATURES:

- ✓ Process analysis
- ✓ Technology recommendations
- ✓ Layout planning
- ✓ Implementation strategy

SNACK PACKAGING TECHNOLOGY

Our snack packaging machines are built using premium components sourced from Germany, UK & China, ensuring longer machine life, easy maintenance, and consistent output that makes your brand stand out on shelves.

NITROGEN FLUSHING

Extends shelf life by replacing oxygen with nitrogen in the package

PRECISION WEIGHING

Multihead weighers ensure accurate weight control ($\pm 1g$ accuracy)

HIGH-SPEED OPERATION

Capable of packing 30-120 bags per minute depending on product

FLEXIBLE PACKAGING

Handles various packaging formats from small pouches to bulk packs

SMART AGRI PACK

INNOVATING AGRICULTURE WITH SMART TECHNOLOGY. OVER 5 YEARS OF MANUFACTURING EXPERTISE IN HIGH-TECH AGRICULTURAL AND COMMODITY PACKAGING MACHINES.

CHIPS & SNACKS PACKAGING

SMART AGRI PACK DESIGNS ADVANCED PACKAGING MACHINES ENGINEERED FOR HIGH SPEED, HYGIENIC, AND ACCURATE PACKING OF ALL TYPES OF SNACKS AND NAMKEEN PRODUCTS.

CHIPS PACKAGING MACHINES

High-speed packaging solutions for potato chips, banana chips, and other crispy snacks with nitrogen flushing for extended shelf life.

Products :

- Potato Chips
- Banana Chips
- Bhujia
- Sev
- Mixtures
- Fryums
- Puffed Snacks

Key Features :

- ✓ High-Speed Automatic Filling & Sealing
- ✓ Accurate Weighing with Multihead Weighers
- ✓ Nitrogen Flushing Technology
- ✓ Leak-Proof Sealing with Zero Wastage

Packaging Formats :

- Pillow Pouch
- Gusset Pouch
- Stand-Up Pouch
- Vacuum Packs
- Zipper Pouches

Namkeen Packaging Systems

Specialized packaging for traditional Indian snacks with precise weight control and freshness preservation.

Products :

- Bhujia Sev
- Chanachur Mixture
- Khatta Meetha
- Masala Peanuts
- Chiwda
- Dal Moth

Key Features :

- ✓ Modified Atmosphere Packaging
- ✓ Multihead Weighers for Accuracy
- ✓ User-Friendly Touch Panel Controls
- ✓ PLC Control Systems

Packaging Formats :

- Small retail packs (50g-100g)
- Medium packs (200g-500g)
- Family packs (1kg)
- Bulk packs (5kg+)

Snacks Filling Technology

Advanced filling systems for various snack products with premium components from Germany, UK & China.

Products :

- Extruded Snacks
- Baked Chips
- Tortilla Chips
- Pretzels
- Popcorn
- Trail Mix

Key Features :

- ✓ Compatible with Multiple Formats
- ✓ Robust Construction for Long Life
- ✓ Easy Maintenance
- ✓ Consistent Output Quality

Packaging Formats :

- Stand-up Zipper Pouches
- Vacuum Skin Packaging
- Flow Wrap Packaging
- Pre-made Pouch Filling

SMART AGRI PACK

Innovating Agriculture with Smart Technology. Over 5 years of manufacturing expertise in high-tech agricultural and commodity packaging machines.

OIL FILLING TECHNOLOGY

Our oil filling machines integrate advanced components and technology imported from Germany, the UK, and China, ensuring precision, durability, and compliance with international food safety standards.

DRIP-FREE NOZZLES

Specialized nozzles prevent spillage and oil wastage during filling.

ADJUSTABLE VOLUMES

Easy adjustment for different filling volumes and container sizes.

FOOD-GRADE MATERIALS

SS316 contact parts ensuring food safety and compliance with hygiene standards

PRECISION CONTROL

Accurate filling control with $\pm 1\%$ volume accuracy for consistent results.

EDIBLE OIL FILLING SOLUTIONS

Smart Agri Pack offers advanced packaging solutions for edible oils with precision filling, leak-proof sealing, and food-grade materials.

POUCH FILLING MACHINES

Form-Fill-Seal (FFS) machines for efficient oil pouch packaging with leak-proof sealing.

Machine Features:

- Fully automatic pouch forming, filling and sealing
- Capacity: 100 ml to 1 liter per pouch
- Nitrogen flushing for freshness
- Date/batch coding included

Packaging Formats:

- ✓ LDPE pouches (100ml – 1 liter)
- ✓ Stand-up pouches
- ✓ Spout pouches
- ✓ Custom shapes available

Suitable For:

- Mustard oil
- Coconut oil
- Sunflower oil
- Olive oil
- Soybean oil

BOTTLE FILLING MACHINES

Precision filling systems for PET, HDPE, and glass bottles with integrated capping.

Machine Features:

- For PET, HDPE, glass bottles
- Volumetric, servo or gear pump-based
- Capacities: 200 ml to 5 liters
- Includes capping and labeling

Packaging Formats:

- ✓ PET/HDPE Bottles (200ml – 5 liters)
- ✓ Glass bottles
- ✓ Jerry Cans (5L – 20L)
- ✓ Custom bottle designs

Suitable For:

- Edible vegetable oils
- Specialty oils
- Salad oils
- Cooking oils

BULK FILLING SYSTEMS

Large capacity filling solutions for commercial and industrial oil packaging.

Machine Features:

- For 5L, 15L, 20L jars or tins
- Weigh-metric filling systems
- Ideal for bulk/commercial packing
- High-speed operation

Packaging Formats:

- ✓ Jerry Cans (plastic)
- ✓ Metal tins (15L – 20L)
- ✓ Drum filling systems
- ✓ IBC container filling

Suitable For:

- Commercial cooking oils
- Industrial food oils
- Bulk edible oils
- Food service oils

KEY FEATURES OF OUR SPICE PACKAGING

Our spice packaging machines integrate advanced components and technology imported from Germany, the UK, and China, ensuring precision, durability, and compliance with international standards.

DUST-PROOF DESIGN

Especially for powders to maintain clean operations and product quality.

ACCURATE DOSING

Precise filling mechanisms to avoid overfilling and product wastage.

NITROGEN FLUSHING

Preserves freshness and color retention for premium quality products.

STAINLESS STEEL CONSTRUCTION

SS304 or SS316 contact parts ensuring food safety and durability.

SPICES & POWDER PACKAGING

Smart Agri Pack offers advanced packaging solutions for spices and powders with dust-proof operation, aroma preservation, and precise filling technology.

SMART AGRI PACK

Innovating Agriculture
with Smart Technology.

Over 5 years of
manufacturing expertise in
high-tech agricultural and
commodity packaging
machines.

WHOLE SPICES PACKAGING

Precision packaging solutions for whole spices with excellent aroma retention.

PRODUCTS:

- Cumin seeds (Jeera)
- Black pepper
- Cloves
- Cardamom (green & black)
- Mustard seeds
- Coriander seeds
- Fennel seeds (Saunf)

MACHINE TYPES:

- ✓ Weigh Filler Machines
- ✓ Cup Filler Machines
- ✓ VFFS Machines with Linear Weishers
- ✓ Semi-Automatic Granule Packing machines

PACKAGING FORMATS:

- Laminated pouches
- Zip-lock pouches
- Sachets (5–20g)
- Spice jars (PET/HDPE)

GROUND SPICES PACKAGING

Dust-proof packaging systems for spice powders with nitrogen flushing for freshness.

PRODUCTS:

- Turmeric powder (Haldi)
- Chili powder (Lal Mirch)
- Coriander powder
- Cumin powder
- Garam masala
- Black pepper powder
- Mixed masalas

MACHINE TYPES:

- ✓ Auger Filler Machines
- ✓ Pneumatic Powder Packing Machines
- ✓ VFFS Machines with Auger Filling
- ✓ Vacuum/Nitrogen Flushing Machines

PACKAGING FORMATS:

- Stand-up pouches
- Vacuum/foil pouches
- Spice jars
- Small sachets

FLOUR & POWDER PACKAGING

Specialized packaging for various flours and fine powders with dust control systems.

PRODUCTS:

- Wheat flour (Atta)
- Refined flour (Maida)
- Rice flour
- Gram flour (Besan)
- Ragi flour
- Corn flour
- Sooji (Semolina)
- Machine Types:

MACHINE TYPES:

- ✓ Auger Filler Packing Machine
- ✓ VFFS with Auger Filler
- ✓ Pneumatic Powder Packing Machine

SMART AGRI PACK

AGRICULTURAL COMMODITY PACKAGING

SMART AGRI PACK SPECIALIZES IN HIGH-PERFORMANCE PACKAGING MACHINES FOR ALL TYPES OF AGRICULTURAL COMMODITIES, DESIGNED FOR PRECISION, EFFICIENCY, AND PRODUCTIVITY.

GRAINS & PULSES PACKAGING

High-tech packaging machines for all types of grains and pulses with VFFS technology and precise weighing systems.

Protects :

- Wheat (Atta, Maida, Sooji)
- Rice (White, Basmati, Brown, Parboiled)
- Maize/Corn kernels
- Barley, Millet, Sorghum
- Quinoa and other cereals

Machine Types:

- ✓ Automatic pouch packing machine
- ✓ Vertical Form Fill Seal (VFFS)
- ✓ Weigh filler or multi-head weigher
- ✓ Auger filler for fine powders
- ✓ Vacuum packing machine

Packaging Sizes:

- Pouches (1kg, 500g, 100g)
- Plastic or laminated bags
- Stand-up pouches
- Paper or jute bags (eco-friendly)
- Bulk sacks (25kg, 50kg)

PULSES & LEGUMES PACKAGING

Specialized packaging solutions for all types of pulses with accurate weight control and minimal wastage

Protects :

- Chickpeas (Kabuli & Desi chana)
- Lentils (Red, Green, Yellow)
- Green gram (Moong dal)
- Black gram (Urad dal)
- Pigeon peas (Toor dal)
- Kidney beans (Rajma)

Machine Types:

- ✓ Cup filler machines
- ✓ Linear weighers
- ✓ Multi-head weighers
- ✓ Gravity fillers
- ✓ Combination weighers

Packaging Sizes:

- Retail packs (100g-1kg)
- Family packs (2kg-5kg)
- Bulk packaging (10kg-50kg)
- Wholesale jute bags

NUTS & DRY FRUITS PACKAGING

Premium packaging solutions with nitrogen flushing to preserve freshness and extend shelf life.

Protects :

- Almonds (whole, sliced, blanched)
- Cashew nuts (plain, roasted)
- Pistachios (shelled or in-shell)
- Walnuts, Hazelnuts
- Raisins (black, golden, green)
- Dates (Khajoor – dry & wet)

Machine Types:

- ✓ Automatic Weighing Machines
- ✓ Vertical Form Fill Seal (VFFS)
- ✓ Multibead Weigher Machines
- ✓ Vacuum Packing Machines
- ✓ Nitrogen Flushing System
